# THE COTTAGE BED

At FLEXA we consider nature our greatest collaborator and our greatest mentor on aesthetics. The source of inspiration for our new **COTTAGE** bed we found in the Nordic woods.

The design and natural materials give a feeling of reconnecting with nature when sleeping in the bed. The minimalistic design with its clean lines has a classic aesthetic and a sense of timelessness.

The playful shape of the **COTTAGE** single bed allows it to be free standing. Children can easily access the bed from all angles which opens up for new ways of fun and decoration.

The **COTTAGE** bed is made of pinewood and comes in two colors - nature and white washed. The bed combines safe design with SAFE materials, to make the child's room a happy place to grow up.
